Professional Summary

Full Stack Developer with hands-on experience building and shipping web and mobile products. I work mainly with the MERN stack, Next.js and TypeScript, and I build cross-platform Android and iOS apps in Flutter and Dart. Over the past year I have worked on e-commerce platforms, a services marketplace platform and client web applications, covering everything from React interfaces and REST APIs to MongoDB and Firebase data handling. I am comfortable with payment gateway integration, Postman API testing and Git workflows in Agile teams. I care about readable code, fast pages and delivering on schedule. B.Tech in Computer Science (AI Specialization), ABES Institute of Technology.

Technical Skills

Languages: JavaScript (ES6+), TypeScript, Dart, Java, SQL, HTML5, CSS3
Frontend: React.js, Next.js, Tailwind CSS, Redux Toolkit, Responsive Web Design, API Integration
Backend: Node.js, Express.js, RESTful API Development, CRUD Operations, JWT Authentication
Mobile: Flutter, Dart, Cross-Platform App Development (Android & iOS)
Database & Cloud: MongoDB, MySQL, Firebase (Authentication, Cloud Database), Cloudinary
Payments & Tools: Cashfree, Stripe, Razorpay, Git, GitHub, Postman, VS Code
Practices: Agile Methodology, SDLC, Version Control, Debugging, Performance Optimization

Professional Experience

Full Stack Developer - Meganods IT Solutions, Noida, India Apr 2026 – Sep 2026
- Developed and maintained full-stack web applications using React.js, Next.js, Node.js and Express.js.
- Designed REST APIs and connected them to MongoDB and Firebase for data storage and user authentication.
- Tested every endpoint in Postman before release, then profiled and fixed slow pages to cut load times.
- Delivered features and bug fixes in Agile sprints alongside designers and other developers, using Git for version control.

Web Developer Trainee - TradesFolks Pvt. Ltd., Noida, India Jan 2025 – Apr 2025
- Built mobile-friendly pages with HTML5, CSS3, JavaScript and React.js during a 3-month traineeship.
- Hooked REST endpoints up to frontend components and fixed UI and cross-browser defects on internal projects.

Projects

Home Craft Services - On-Demand Services Platform React.js, Next.js, Node.js, Express.js, MongoDB
- Built a full-stack service booking marketplace that connects clients with service partners across home care, repairs and beauty.
- Delivered 5 core modules: service discovery, provider workflows, booking, scheduling and orders.
- Integrated Cashfree payment checkout and styled the responsive interface with Tailwind CSS.

TalentSpark - E-commerce Website React.js, Next.js, Node.js, Express.js, MongoDB
- Created a full-stack e-commerce site with Node.js and Express.js APIs and a MongoDB database for products, carts and orders.
- Styled the product listing, shopping cart and checkout flows with Tailwind CSS.
- Built the Next.js frontend to fetch and display live product and order data from the backend APIs.

Sujata Fine Jewels - Jewellery E-commerce Website TypeScript, Next.js, React.js, MongoDB, Tailwind CSS
- Built and deployed a responsive jewellery storefront with category browsing (rings, necklaces, earrings, bracelets, bangles, pendants), catalogue and best sellers.
- Added shopper features including cart, wishlist, user account and order tracking.
- Wrote supporting pages (FAQ, contact, policies) and published the site on Vercel for live access.

Education

ABES Institute of Technology, Ghaziabad, India 2022 – 2025
B.Tech in Computer Science (Artificial Intelligence)
Dr. Bhimrao Ambedkar University, Agra, India 2019 – 2022
Bachelor of Science (PCM)

Certifications

- MERN Stack Certification - ABES Institute of Technology (Summer Internship)
- Web Developer Internship Certificate - TradesFolks Pvt. Ltd.
- Java Internship Certificate - AppSquadz Software Pvt. Ltd.
